FCI IGP-FH World Championships in Finland 15.-20.5.2023

In 2020, with preparations already well under way for the Lahti FCI IGP-FH World Championships, postponed COVID-19 pandemic our plans by one year. In the beginning of 2021, when the pandemic was still going on globally, the World Championships were moved to be held in Hungary in autumn of 2021.

In Finland, where dog training is known on high level, and where IGP-FH is constantly growing it's popularity among service dog enthusiasts as well, the Finnish Service Dog Association wants to organize the IGP-FH World Championship in Southern Finland region on 15.-20.5.2023. A well motivated organizing committee will be able to take advantage of the arrangements already made.

Together we can organize world-class competitions and invite dog enthusiasts from all over the world to get to know our beautiful nature and our high-quality competition arrangements.
